Sidewalk Improvement Program Application

(Form # Eng-197-33-A)
 (Revision Date 10/2005)

Instructions: Complete the information below. Indicate each item (sidewalk, driveway apron) requested to be replaced; the replacement of the driveway apron may be required for storm drainage purposes. The driveway apron is the area that is the width of the driveway and from the inside edge of the sidewalk to the curb. Applications received before 6/1/05 will be entitled to a 50% shared cost, and those received from 6/1/05 to 5/31/07 will be entitled to 40% shared cost. NO applications will be accepted after 5/31/07. You will be notified of the cost after an inspection is performed and of the approximate date of construction. Sidewalks are NOT replaced on a first come first serve basis instead are based on a street analysis – please be patient. The required payment must be submitted for the application to be deemed complete and for construction to be scheduled.
